SpeedStyle 1700W Hair Dryer

Effortlessly create luscious locks with this Shark SpeedStyle Essential hair dryer. 1700 Watts give you all the power you need to coil those curls and add some bounce to your 'do (and your step). And when you go on holiday, take your style with you as it's got a compact design, so it won't bulk out your bag. Plus, you can adjust the 3 heat and speed settings to perfectly suit your hair type damage free tresses are definitely in style. Want to make sure it lasts the day? The cool shot will set it all in place and tame any accidental frizz too.

No Heat Damage

Venting Hobs

Effective smoke & odour removal • Space saving • Quiet operation

Venting hobs are designed to efficiently extract smoke, steam, and cooking odors directly from the source, ensuring cleaner air in the kitchen. These systems help minimize the accumulation of grease and particles on kitchen surfaces and cabinets, leading to a cleaner cooking environment. With the ventilation system integrated into the hob, there's no need for a separate range hood, which can free up overhead space and contribute to a more open, streamlined kitchen design.

80cm Venting Induction Hob

- **Integrated ventilation module:** extract steam and cooking odours at the source.
- **TouchSelect:** Selection of the desired cooking zone and easy setting of the desired power level.
- **CombiZone:** More flexibility by combining two cooking zones, for roasters and more.
- **PowerBoost:** up to 50% more power for faster heating on your induction hob.
